

I'm running for Congress

- To save our Constitution and the Freedoms it guarantees.
- For the welfare of homes and families here in Northwest Florida. I suffered wounds and won medals in combat. Now, please join me in a battle for the very soul of our nation – Respectfully, I ask for your support and your vote –

Elect Jim Bryan

Democrat, to the US House of Representatives

Here is what I stand for –

- Economic development, paying jobs, and clean industry. Panhandle incomes are way below the Florida average. With experience in business and industry, I know how to help.
- Rejuvenation of Panhandle agriculture – I understand practical farming and marketing – and what Congress can do to help.
- Responsible management of our national economy.
- Energy efficiency and alternative energy sources. Make money in the USA and stop buying oil from unfriendly dictators.
- A strong military, sent to war only when truly required for the national defense. • Dedicated peacemaking initiatives.
- Bringing our troops home from Iraq in safety.
- Fair and honorable treatment of our veterans.
- Affordable health care. • A clean environment.
- Quality education from pre-K through PhD.
- Impartial justice and liberty under law.

My opponent *has consistently voted against every one of these goals.*

Manufacturing, commerce, forestry and agriculture, and the jobs and stability they bring, need once again to be engines of Northwest Florida's economy.

I spent my youth on a farm in Walton County. At 18, I decided my country needed me and joined the Army paratroopers. I served three tours in Vietnam. I wear two Purple Hearts and the Silver Star, Bronze Star and Army Commendation Medal for Valor.

In the Army, I qualified as Master Jumpmaster (I trained Lt. David Petraeus), Master Gunner, and Weapons Test Manager. I retired as First Sergeant at 20 years because of my wounds.

I studied technology, business, and statistics at the U. of Georgia, the U. of Maryland and Embry-Riddle Aeronautical University, four years in all, the last two on the GI bill.

I organized Tarheel Trucking and Towing Company in Prescott Valley, AZ. After ten years of operation I sold it for a profit. With the Chamber of Commerce, I helped to develop an industrial park and recruited companies – my proposal to Ace Hardware persuaded them to move the distribution center for the area west of the Mississippi from Los Angeles.

I live in Laurel Hill, Okaloosa County with Rhonda and our three children.
